

## STIRLING PRIMARY SCHOOL

*Learning Together: Embracing the Future*

### PE and Sport Premium Funding Review of Spending 2015-16

PE and Sport Premium funding is based on the number of pupils in years 1 to 6.

PE and Sport Premium Funding Review of Spending 2015-16	
Total amount of PE and sport Premium funding received	£9,185.00
Total amount of funding	£9,185.00
Priority for spending:	
1) Improve the quality and consistency of provision for sport and PE.	
2) Enable access to intra schools competitive sports events.	
3) Increase the opportunities for active play.	

Target	Impact	Expenditure
Replenishment of equipment for PE and sport	P.E equipment was replenished and new equipment was available for P.E lessons. New equipment that we did not previously have such as mini gold, indoor croquet and lacrosse are now available for use.	£1655
Specialist coaches to work alongside teachers when teaching PE - KS2	Observing and then working alongside P.E specialists for staff new to the school during 2015-16, improved their confidence and subject knowledge in their own teaching of sport and PE. Drop-in observations of teaching demonstrated how pupils were kept active at all times throughout PE lessons by the development of different strategies used.	£3,900.00
Transport and release time for PE Lead to attend local sporting events – KS2	A higher number of children took part in an Athletics competition than ever before. Increased number of pupils have had the opportunity to take part in competitive intra school sports across KS1 and KS2. This has also impacted on levels of pupils' engagement. Children's sportsmanship	£50 affiliation £800 transport

	has been developed through fair play and values.	£150 cover
Playground equipment – KS1&2	A wide range of high quality resources were purchased and available for children at lunch time and play times. Y5/6 children were trained up to be playground leaders on the junior playground. Playground leaders have also worked on the infant playground with KS1 throughout the whole year. Some Y3/4 children have also been playground buddies who assisted the playground leaders in delivering games. This led to an increased number of pupils active during play times.	£230 £800 x3

**\*Local Competitions:**

Hockey: Hockey- Year 6 came third (for the second year in a row) in a hockey tournament against 10 teams. The team draw on points over the tournament with another team but missed out on a place in the final based on goal difference. Having the specialist hockey coaches for three consecutive years meant that the children had specialist training before taking part in the competition. The coaches mainly worked on set pieces and defending.

Tug of war Athletics: Year 5 came third earning a bronze medal and Year 6 came forth. Prior to the event, children had worked with an Athletics coach on working together to pull in Tug of war.

Athletics: Year 5 and Year 6 took part in an Athletics competition at the Athletics club. We took an increased number of children yet again this year. Prior to the events the children had worked with the local secondary school, specialist P.E coaches and their teachers to refine their skills in these areas. We had more individual children than ever before being placed on the podium earning a medal.

Y1/2 and Y3/4 held intra competitions at the end of their unit of learning. Y1/2 were involved in a mini Olympics competition where all children in Y1/2 were involved. Y3/4 competed in an intra rounders competition. All children in Y3/4 were involved.
