

## Trust Management Board Report 2021-2022

How the TMB supports Atlas Academy to ensure it can be the best school it can be.

### Vision & Ethos

The TMB explores how the vision and ethos of 'Unity through diversity' is enacted across all aspects of school life through visits to the academy and TMB meetings.

### Curriculum & Inclusion

The TMB works with school leaders to evaluate all areas of curriculum development for all pupils. This year we are pleased with the development of phonics and PKC curriculum.

### Safeguarding

All TMB members undertake regular safeguarding training. Detailed safeguarding reports are received at every meeting and is a focus of visits for Safeguarding link members.

### Parent & Wider engagement

The TMB supports leaders with parental engagement such as coffee mornings & sports events alongside external providers 'Jobs for Everyone', Doncaster Children's University and the Family Literacy Project. We are very proud of work of the Pupil School Improvers at Atlas.

### Strategic Risks

The TMB is fully aware of the strengths and areas for development for Atlas. We work in conjunction with the academy leaders to ensure appropriate actions are put in place.

Thank you to all pupils, families and staff and local stakeholders for their continuing support for Atlas Academy.
